RECOUNTS AFTER THE PRIMARY

After the Primary, fourteen requests for recounts were received. The request for a recount of ballots cast for Rockingham County Commissioner, District No. 2, Democratic, was withdrawn.

Thirteen recounts of ballots were conducted by the Secretary of State, September 30, 1974; eight recounts were Republican contests, and five were Democratic contests.

One of the recounts resulted in a change in Bedford – Democratic.

The recount in Hillsborough County District No. 5 – Republican, resulted in a tie vote between Henry B. Richardson and Mervin E. Willard. The tie was broken by drawing lots and Henry B. Richardson won the tie.

The other recounts did not result in a change of nominees.

Following are the tables, with the nominees of the Republican and Democratic parties indicated by an asterisk.

 Mr. Joseph Moriarty, Lee

SHIRLEY HODGDON, Republican State Chairman

PREAMBLE TO THE
1974 REPUBLICAN STATE CONVENTION PLATFORM

We, the Republican Party, in Convention assembled at Manchester, on Saturday, the 28th day of September in the year of Our Lord 1974, do hereby adopt the following statements of principle and beliefs for our Party for the next biennium of the State of New Hampshire.

We will maintain the basic Republican Doctrines of free enterprise and fiscal responsibility.

We pledge to accelerate our efforts to combat inflation and resolve energy related problems. We support increased industrial productivity and effectiveness in government by common-sense business management.

We recommend that the State impose no unfunded programs on subsidiary levels of government.

We believe we should always be responsive to the needs of our people and accountable at all times to the taxpayer.

We firmly subscribe to the philosophy of Abe Lincoln—that government be of, by and for the people.

Therefore, we urge solid support for all Republican candidates as a means of assuring continued good government.

HUMAN RESOURCES

Social Services

We recognize that top priority lies with our state institutions. We therefore urge expanded and modernized mental health services for New Hampshire, capable of early intervention in the causes of mental illnesses and disorders and of rehabilitating a larger number of those presently cared for in the state's institutions.

We will strive for the adoption of a uniform code on alcoholism and drug abuse with provisions for medical care and rehabilitative treatment for all persons who are alcohol and drug dependent.

We will continue to insist that waste and fraud in Welfare be eliminated and see that the taxpayers and worthy welfare recipients receive fair consideration.

We believe that without decency and morality our society would indeed perish, therefore, we urge continuing resistance against, smut, pornography and depravity throughout our state.

We will continue to work to relieve our elderly citizens from burdensome taxes and will insist on a more efficient delivery of federal funds to our elderly citizens.

We pledge expansion of child care services.

We urge continued study and adoption of a fair mobile home law that will carefully define the rights and responsibilities of mobile home owners, park owners and our communities.

Education

We believe that the entire secondary and post secondary education resources of the state, including vocational-technical schools, should continue to be strengthened.

We will continue our strong support of the University System, but insist that costs for our in-state students be kept to a minimum, that greater efficiency be effected and that educational preference continue to be given to New Hampshire students.

We believe our private schools and colleges contribute to a better New Hampshire. Our goal is to keep them healthy and productive.

We advocate increased emphasis on vocational education in our secondary schools.

We recognize that the learning disabled and the handicapped child present a major concern. We urge that legislation on the state and national levels be focused on this problem.

We encourage the continuation of our Vocational Rehabilitation and Manpower Training Programs to encourage people to be working, productive members of society with dignity and self-respect.

We believe it is the right of each citizen, child and adult, to attain the completion of a high school education, should that be his desire, and declare our support of plans and programs that will provide all New Hampshire citizens, during their lifetime, a continuing opportunity to reach this level of attainment that is recognized so broadly as a requirement for job opportunity and promotion.

NATURAL AND ECONOMIC RESOURCES

Environment

We will continue the cleanup of our air, lakes and rivers with all possible speed; however, environmental considerations should be balanced with economic progress.

Recreation

We reaffirm our pledge to encourage orderly expansion and development of recreational areas by the private sector.

We will continue the orderly and prosperous expansion of New Hampshire recreational facilities, including snowmobile trails.

Fish and Game

We support the efficient operation and more responsive service to our sportsmen within income limits.

Development

We support land use legislation based upon the ability of the land to support the proposed use and where most decisions are made at the local level.

We oppose the creation of any new state control system: rather we support the simplification of existing agencies.

We strongly support efforts to preserve our agricultural and forest lands recognizing their importance to our economy and way of life.

We support the adoption of a 200 mile fishing limit.

We accept the New Hampshire-Maine boundary compromise approved by the Governor and Council and the State's legal counsel. We recognize the problems of the New Hampshire fishermen in this settlement and their right to submit new and better evidence.

Transportation

Recognizing the inadequacy of Route No. 3 to carry the existing traffic load safely, and the economic need of industry in northern New Hampshire, and further recognizing the proven ability of the New Hampshire Department of Public Works and Highways to design and build roads which enhance, rather than destroy the scenery, we therefore support the construction of an adequate highway through Franconia Notch.

We support the continued orderly growth of our state transportation system, including continued improvement of our secondary road system, and the rejuvenation of our railways.

Business, Industry and Agriculture

During this inflationary period, we favor continued encouragement and assistance to our present industrial and recreation base in all manners consistent with their needs, with continued attention toward solving their energy requirements.

We pledge to continue development, research and promotion of agriculture on a basic economic factor in our state.

We pledge to oppose any and all legislation which would tend to restrict the free enterprise system.

State Employees

New Hampshire State Employees have had a tremendous influence in making our state the leader of them all. We owe them no less. We support an improved negotiation law, as well as a cost of living supplement, improved benefits and an improved retirement system, for our state family.

We support Question No. 1 on the November referendum to amend the Constitution by removing the one year clause in granting pensions, striking out the line under Article 36, Part I, of the Constitution which says that pensions shall only be granted for one year at a time.

Labor

We applaud the great labor force within the State of New Hampshire, particularly for its cooperation and restraint during these difficult inflationary times. While fully realizing restraint does not help make ends meet, our Platform, therefore, encourages the adoption of efficient negotiation guidelines for all employees within the state, based upon practicality and need.

VETERANS

It is the aim of the Republican Party to revive and perpetuate the same degree of honor and reward for our veterans today as was theirs when they just came home.

We support the traditional dates of May 30th and November 11th as the appropriate time for honor and mourning.

We urge its uniform adoption throughout the nation.

LAW ORDER AND JUSTICE

We honor the constitutional right of every citizen to possess firearms legally but urge more severe penalties for those who use such weapons in the commission of a crime.

Judiciary

We support a periodic review of judiciary appointments, reviewable by a board.

We urge mandatory long-term prison sentences without parole for convicted traffickers of heroin and other hard drugs.

We recommend the adoption of the concept of probate reform as set forth by the American Law Institute and the American Bar Association.

Prison System

We support a long range building program; training for correctional officers; adequate hospital facilities; and cooperation with local departments and institutions.

Law Enforcement Personnel

We support adequate income, retirement benefits and equipment to aid law enforcement personnel in their tasks.

Parole System

We support reform of the parole system with tighter controls and supervision of parolees and rehabilitation programs.

Highway Safety

We support the adoption of National Highway Safety Programs because of the high fatality and accident rate on our highways. We support a strong enforcement program to save lives.

OPERATION OF GOVERNMENT

We recommend economical operation of all levels of government with adequate planning, budgeting, auditing and performance controls.

We recommend enactment of a strong conflict of interest law with full disclosure.

Taxation

No new taxes. State programs can be maintained within existing state tax structure without imposition of a general income tax or a general sales tax. We will oppose either of these taxes.

We believe that the best government is government closest to the people. We further believe that greater responsibility should be given to local and county governments. Therefore, we recommend that local home rule should continue as a vital principle of our system of government.

We endorse the concept of annual sessions of the Legislature as approved by the recent Constitutional Convention without increasing the total number of legislative days.

Federal Government

We recommend repeal of the Occupational Safety Hazards Act (OSHA).

We support maintaining New Hampshire as a free, sovereign and independent state, and we oppose any federal intrusion in state affairs and private lives.

ADDITIONAL RESOLUTIONS ADOPTED AT THE 1974 STATE CONVENTION

(Submitted by Hon. Shirley Clark)

WHEREAS, a State Convention is supposed to represent a democratic process by which a party platform is adopted, be it

RESOLVED, that the Platform Committee complete its work in such time as to permit the mailing of the proposed Platform to the delegates at the same time that the notice of the Convention is sent to such delegates.
